

1. NO AREAS WILL BE DEVELOPED PRIOR TO THE ASSOCIATED DETENTION BEING CONSTRUCTED.
2. THE FLOODPLAIN LIMITS ON THIS MASTER DEVELOPMENT PLAN ARE ESTIMATED AND SUBJECT TO CHANGE. APPROVAL OF SUBDIVISION PLATS ASSOCIATED WITH THIS MASTER DEVELOPMENT PLAN IS SUBJECT TO THE REVIEW AND APPROVAL OF A STORM WATER MANAGEMENT PLAN IN ACCORDANCE WITH APPENDIX B, SECTION 35-B145 OF THE CITY OF SAN ANTONIO UNIFIED DEVELOPMENT CODE.

ALL BICYCLE FACILITIES WILL BE DESIGNED AND CONSTRUCTED IN COMPLIANCE WITH THE TEXAS MUTCD AND AASHTO GUIDELINES FOR BICYCLE FACILITIES, INCLUDING CROSSWALK AND SIGNAGE REQUIREMENTS.

THE "DRAINAGE AREA BUFFER ZONE" DEFINES AN AREA ADJACENT TO THE DEFINED 100-YEAR FLOOD PLAIN WHERE THE IMPOSITION OF "IMPERVIOUS COVER" IS LIMITED TO 10%, IN CONFORMANCE WITH CITY OF SAN ANTONIO AQUIFER RECHARGE ZONE AND WATERSHED PROTECTION ORDINANCE No. 81491.

Re: **Arthur Tract**

**MDP # 041-06**

Dear Mr. Valdez,

The Development Review Committee has reviewed **Arthur Tract** Master Development Plan or **MDP 041-06**. Enclosed is an accepted and signed copy of the MDP for your files. However, please note the following conditions:

It will be expected that all of the property depicted in the Master Development Plan including but not limited to floodplains, drainage areas, and open space shall be platted. All platting shall comply with the Unified Development Code (UDC), the City's Master Plan, Major Thoroughfare Plan, and all applicable regulations for the City of San Antonio.

Please note that this action by the committee does not establish any commitment for the provision of utilities, services or zoning of any type now or in the future by the City of San Antonio. In addition, it is suggested to work closely with the school district, so they can plan for the development accordingly. Furthermore, any access and R.O.W. issues along state facilities will need to be resolved with the **Texas Department of Transportation (TXDOT)**. For information about these requirements you can contact TXDOT at 615-5814.

**Historic** approves with the following conditions:

The Texas Sites Atlas indicates that no archaeological sites have been previously identified within the above referenced property. However, staff of the HPO believes there is a probability that the property may contain sites, some of which may be significant. An historic agricultural complex may be located within the project area. Thus, before any work that might affect any sites is begun we recommend that a qualified professional conduct an archaeological/architectural investigation of the property. The investigation should be performed according to Archeological Survey Standards for Texas, and any previously identified sites should be reexamined and reevaluated, if any. A list of qualified archaeological consulting firms is available on line at [www.c-tx-arch.org](http://www.c-tx-arch.org). The consultant may need to obtain an antiquities permit from the SHPO prior to starting the investigation. A report of findings should be prepared according to the Council of Texas Archeologists [CTA] Guidelines for Cultural Resource Management Reports and submitted to the HPO and SHPO for review. Copies of the survey standards and the CTA guidelines may be obtained by calling the SHPO at

512-463-6096 or writing to P.O. Box 12276, Austin, Texas 78711-2276. Law allows both the HPO and SHPO 30 days from receipt for reviews.

If you have any further questions, please call Kay Hinds at (210) 207-7306.

**SAWS Aquifer Protection and Evaluation** will require the following pursuant to the Aquifer Protection Ordinance No. 81491:

- 100 year Flood Plain Shown and Buffering (If applicable)
- Significant Recharge Features and Buffering (If applicable)
- Category Letter for All Site Specific Plats (If Category 2 or 3, an Aquifer Protection Plan is required)
- According to the Aquifer Recharge Zone and Watershed Protection Ordinance No. 81491 Section 34-914 Drainage Area: floodplain buffering will be required.
- Additionally, a Water Pollution Abatement Plan or Contributing Zone Plan must be submitted to and approved by the Texas Commission on Environmental Quality (TCEQ) prior to construction.

**Planning and Development Services** states:

The City and Camp Bullis have been working on a joint effort to coordinate this Development. The project submitted is located within 5 miles of Camp Bullis and the City has communicated with the Camp Bullis installation regarding the proposed development. Based on Camp Bullis response letter:

1. The City can only recommend that the applicant coordinate with Camp Bullis by contacting Jim Cannizzo at (James.cannizzo@us.army.mil or 295-9830)
2. The City is working to implement a Dark Sky ordinance. However, at the present time the City recommends that the applicant contact Andrew Winter with Bexar County at (awinter@bexar.org or 335-6487) to ensure that the applicant follows the Dark Sky ordinance adopted by the Bexar County.

At this time, the City is providing this information as a recommendation and will not place holds on the plats and plans associated with this recommendation

The validity for this project shall expire within twenty-four months from the date of acceptance in accordance with UDC §35-412(h)(1). Should you need further assistance, please contact Larry Odis at (210) 207-0210.

---

Sincerely,

Fernando J. De León, P.E.  
Assistant Director  
Land Development Division  
Planning and Development Services Department
